

The Ridge Runner

The Ridge Runner

Message from the Flight Deck:

I think we are finally out of a fairly mild but cold winter at this point in the year. I hope that everyone is looking forward to a great year of soaring unlike last year.

One thing that the club should try to get done this Spring is, get some good video footage together so we have a current club video showing us flying. I am willing to do the editing of the video(s) and burning of the disks. Another thing that we are lacking is regular still photos. Where I am headed with all of this is so we can put together some type of display for public events. If you have anything like this now, could you please get it to me?

Aircraft:

As of right now, the club is going to keep N99952 on the insurance for the Spring and Summer flying season. If the amount of flying going on in Fall warrants another aircraft, the club will put N99968 on the insurance.

Up Coming Events:

There are several very worth while events coming up here in the very near future that you might want to start thinking about for long range plans.

*Mifflin (Region 2) Soaring Contest May 15 -21, 2005

I would like to see the club members there helping out some or all of the days. For one it would look good on the clubs part and also there is a chance of being able to sell our shirts and hats there. If you are interested in working there, you can get a hold of Karl Striedieck and let him know or you can contact me and I can give you his phone number.

*Harris Hill Junior X-C Camp:

July 6 – 9, 2005

Registration Deadline: **May 15, 2005**

Registration fee: \$75

Tows: \$15

Meals per day: \$15

Please see the following website for more details:

<http://www.harrishillsoaring.org/2005xccamp.htm>

*There are two other X-C Camps in the United States throughout the summer. Contact Mike Robison if you are interested in them at all.

A. B. C. Badges:

Does everyone that is past the solo point have all of their badges, if not; let's work on getting them for you.

Wanted Ads:

A club member, Oliver D' Max, is in need of the following items. Can anyone help him find these items please?

1 reel of flight line

2 buckets of prop wash

1 tube of landing grease

That's all I have from the flight deck at this time and happy landings,

Nathan Kramer

PSSC President

nak133@psu.edu

Let's hope your luck is not as bad at landing off field as this guy's!
